

ESLAM MOHAMED ELNEMERY

INTRODUCTION

I am an experienced Senior Programmer specializing in React and Node.js with a proven track record of 5 years in professional software development. Currently, I am pursuing a degree in Computer Science at the American University of the People, further enhancing my skills and knowledge in the field.

My expertise lies in web development, utilizing technologies such as React, Vue, PHP, Laravel, Sass, Git & GitHub. I have successfully delivered projects, showing my proficiency in building scalable and efficient web applications. Additionally, I possess a strong understanding of Python programming and have hands-on experience with Microsoft Office tools.

My passion for programming extends beyond the workplace, as I actively contribute to open-source projects and share my work on platforms such as GitHub. This allows me to continually refine my coding abilities and stay up-to-date with the latest industry trends.

While Arabic is my native language and I am fluent in it, I am also making progress in English, enabling effective communication and collaboration with international teams.

I am eager to bring my technical expertise and problem-solving skills to contribute to innovative projects and drive successful outcomes. Please feel free to explore my GitHub profile for a closer look at my portfolio and past projects.

If you require any further information or have specific questions, I am available and ready to assist.

MY WORK

MY OWN PROJECTS

I have collected these works on platforms such as GitHub and others to share with others.

- To-do List project developed with (Vue, mongo DB, express.js) link to show more on [GitHub](#)
- An online store project under development using (react, redux, express.js, mongo DB, node.js , sass and more...)) link to show more on [GitHub](#)

MORE BUSINESS AND REFERENCES

- I was working for a small company called [Devbile](#) as a web developer and graphic designer
- Currently, I am working on building my own brand (index). It is a special template for WordPress, and it is being worked on and developed.

ADDITIONAL LINKS

- [Project gallery on my site](#)
- [GitHub account](#)
- [Behance account](#)

SKILLS

- Web skills like (react, Vue, php, Laravel, sass, pug, git & Github, and more...)
 - WordPress and build article sites and e-commerce themes.
 - Microsoft office (word, excel)
 - Python coding library and skills
 - Graphic design using adobe software.
-

EDUCATION

UNIVERSITY EDUCATION

I am studying a Bachelor of Computer Science at the American University of the People also study at the Faculty of Science, Damietta University, in the Department of Physics

HIGH SCHOOL DEGREE

I graduated from Sadeq Gawish High School in July 2021 by 66% in Physics, Chemistry, Mathematics and Arabic, English, and French languages

MY LANGUAGES

- (Arabic) The main language and I speak it fluently.
- (English) for the beginner level, I can read and write with it and develop listening and communication skills with it
